

Students in this classroom are being successful learning math by...

- **Color coding notes**
- Looking back over previous keepers
- Reworking practice problems
- **Reworking missed problems from practice sheets & quizzes/tests**
- Completing extra practice problems
- **COMING IN FOR TUTORING**
- Using Khan Academy
- Using Google & YouTube
- Using online games
- **Having a study buddy**
- Saving questions from practice to use as a mock assessment before quizzes/tests
- Using practice problems to model future quiz/test questions
